

MALIK SAAD KHAWAR

Computer Science Student |
Aspiring AI Engineer

About Me

Computer Science student specializing in Python development and AI systems. Experienced in building automation tools, chatbots, and AI-based applications using modern APIs and frameworks. Focused on developing practical, real-world solutions through continuous hands-on learning.

TECHNICAL SKILLS

- Python (OOP, File Handling, Modular Design)
- AI Development (OpenAI SDK, Claude API, Gemini CLI)
- Prompt Engineering
- Chatbots & Automation
- Web Development (Basic Full-Stack)
- Machine Learning Basics

TECHNICAL EXPERIENCE / PROJECTS

Python Developer

- Built Python applications using OOP, file handling, and modular design
- Developed automation scripts and chatbots to reduce manual work and improve productivity

AI & Agent Development

- Developed AI agents using OpenAI SDK, Claude API, and Gemini CLI
- Applied prompt engineering to improve response accuracy and structure
- Built AI-driven automation workflows to streamline task execution

Web & AI (Learning Projects)

- Built basic full-stack web applications with front-end and back-end integration
- Practiced machine learning fundamentals through small experimental projects

EDUCATION

BS Computer Science (2024 – Present)

Dr. A. Q. Khan Institute of
Computer Sciences and
Information Technology, IST
Campus Islamabad

FSC(ICS)

Rangers Cadet College Chakri
2022-2024

SKILLS

- Problem Solving & Critical Thinking
- Effective Communication
- Team Collaboration
- Quick Learning & Self-Improvement
- Time Management & Organization
- Adaptability to New Environments

LANGUAGE

- English (Intermediate)
- Urdu (Native)
